

DOVE VALLEY VISION CENTER, PC

NEW PATIENT WELCOME & REASON FOR VISIT (RFV) FORM

Welcome to our office. We appreciate the opportunity to care for your vision and eye health today. Please, read and complete both sides of this form and the **PATIENT HISTORY FORM** so that we can better understand your current symptoms, your health history, and your lifestyle in order to best serve your vision care and eyewear needs. Thank you.

How were you introduced to our practice? _____

What is your current occupation? _____

Your comprehensive annual eye examination today will typically take between 1 and 1 ½ hours. This will include vision tests to determine the refractive state of your eyes for eyeglasses and a thorough health check of your eyes for cataract, glaucoma, and retinal disease.

How long has it been since your last comprehensive eye examination?

Less than one year. 1-2 years. 3-4 years. More than 5 years. First comprehensive eye exam.

Have you recently failed a vision screening?

No. Yes If "Yes", please describe. _____

In addition to your comprehensive eye examination described above, are you interested in being fitted or refitted for contact lenses today?

- YES, I am interested in being fitted or refitted for contact lenses today.
- MAYBE, I would like to discuss my options for wearing contact lenses with the doctor.
- NO, I have no desire to be fit for contact lenses today.

Do you have any specific eyewear needs today?

- I need to replace my eyeglasses as they are lost, broken, scratched, or just out of date.
- I need to replace my sunglasses as they are lost, broken, scratched, or just out of date.
- I need a new supply of contact lenses.
- I only wish to replace my current eyewear if my vision has changed.

YOUR RETINAL EXAMINATION TODAY

The American Optometric Association recommends a thorough retinal examination for all patients at least every two years, and more often for certain at risk patients, such as those with diabetes, high nearsightedness, or a personal or family history of eye disease. Our doctors prefer to utilize the OPTOMAP RETINAL EXAMINATION to evaluate your internal eye health. You can learn more about the many advantages of this advanced technology at our website or by asking our staff. Unfortunately, insurance companies typically do not cover this technology, as it exceeds the current standards of care. The additional fee for this valuable imaging is only \$35.

- YES, I would like to have an OPTOMAP RETINAL EXAMINATION today, as recommended by my eye doctor.
- NO, I would prefer not to have the OPTOMAP RETINAL EXAMINATION today.

LASIK VISION CORRECTION

We do provide peri-operative care for refractive surgery, such as LASIK.

Would you like more information about your refractive surgery options during your visit today? Yes No
